The Nation.

[Vol. 65, No. 1693]

Disgraceful joan of arc is a trivial feature, that the making of which is a great deal more interesting than the making of the book itself. The theme has been covered before, and better, in "The Dance of Death"; in "The Death of the Gothic"; in "The Death of the Empire"; in "The Death of the Republic." The subject matter is well known, and the method of treatment is not new. The book is written with a certain amount of care, and the author has done his best to make it as convincing as possible. But it is a book that has been written for a specific purpose, to serve as a propaganda piece against the government and the military leaders of France.
