The Nation

Vol. 21, No. 437
Jan. 31, 1901

The Nation

The Nation

Shelburne, the third title of that accomplished novelist, can have none of those powers which were the foundations of its canonical status in the author's mind.

The Nation

To the present day, as Mr. Whitman, in the August number of his "Poems," says, "In consideration of the fact that the natural world is composed of material elements, the purest class of society is the most important, though the noblest mind is the most beautiful.

The Nation

The Nation

"The Shadows of the Past," by George B. T. Whitman, is a collection of essays, criticisms, and reviews, published under the pseudonym of "The Shadows of the Past." The book contains a number of reviews of recent books and articles, as well as a series of essays on various topics.
