The Nation

Volume 85, No. 2216

December 19, 1907

Ruskin was an enthusiastic practical, and did much for the moral art and sci-
ences. His mind was vividly alive to the problems set forth by the great Italian

Ruskinian-American movement of 1891. His ideas were keenly observed, and had
a real impact on the development of the new architecture.

The Nation

Is a bi-weekly journal of literature, science, politics, and current events.
